👛 PROFESSIONAL EXPERIENCE

Affixtro (Private) Limited

Full-Stack Software Engineering Intern

09/2025 – 03/2026 | Aparekka

- Contributed to the design, development, testing, and maintenance of web-based applications.
- Implemented frontend components and backend functionalities in a team environment.
- Applied software engineering best practices and company coding standards.
- Debugged and optimized application performance.
- Participated in project reviews and iterative improvements

🎓 EDUCATION

Higher National Diploma in Information Technology

SLIATE

2023 – Present | Galle, Sri Lanka

G.C.E. Advanced Level Examination

MR/Mahinda Rajapaksha College

2021 | Matara

G.C.E. Ordinary Level Examination

MR/Godapitiya Central College,

2018 | Akuressa

📚 COURSES

CorelDRAW

ITD Institute SL (Pvt) Ltd

2025 – Present

Adobe Illustrator

ITD Institute SL (Pvt) Ltd

2025 – Present

Java Programming

SITEC, Matara

05/2023 – 09/2023

Web Development

SITEC, Matara

05/2023 – 09/2023

📁 PROJECTS

Little Loom – E-Commerce Web Application

React | Firebase | GitHub

Developed a full-featured e-commerce platform for kids and baby products during industrial training.

- Implemented user authentication and real-time database integration.
- Developed product catalog, cart management, wishlist, and order processing system.
- Built admin dashboard for product, order, and user management.
- Structured application using modular React architecture for scalability.

Trip Planner Web App

React | Tailwind CSS | Firebase | Google Maps API

- Designed a travel planning system with authentication and real-time data storage.
- Integrated Google Maps API for destination suggestions and mapping features.

Mac Clone Showcase

React | Three.js | GSAP

Recreated Apple Mac product page with 3D and scroll animations.
